\*Approx. 59% Scrub Oak, 34% Red Maple, 6% Birch, 1% Other Hardwood  
 \*\* Approx. 51% Balsam Fir, 48% Jack Pine, 1% Other Conifer

**Special Restrictions:**  
 >Harvested pine must be hauled within 3 weeks from May 1st to August 31st.

## TRACT 11-19 – HARVEST REQUIREMENTS

The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

### A. PRESCRIPTION:

1. Harvest unit A has a coppice with standards prescription with an estimated average residual basal area of 12 ft<sup>2</sup>.
2. Harvest unit B has a seed tree prescription with an estimated average residual basal area of 18 ft<sup>2</sup>.
3. Harvest unit C has an clear-cut prescription with an estimated average residual basal area of 0 ft<sup>2</sup>.

### B. HARVEST REQUIREMENTS:

1. In unit A, harvest all unmarked hardwood, jack pine and balsam fir 2 inches and greater and harvest all orange marked pine.
2. In unit B, harvest all hardwood, red pine, jack pine, and balsam fir 2 inches and greater.
3. In unit C, harvest all hardwood and conifer stems 2 inches and greater.
4. In unit A, leave all unmarked red and white pine, all spruce, and all orange marked oak.
5. In unit B, leave all white pine and spruce.
6. All sale boundaries consist of red paint line, blue paint line, or the ATV/Snowmobile trail.

### C. OPERATIONAL REQUIREMENTS AND SEASONAL RESTRICTIONS:

1. The blue paint line indicates private property. No equipment or felled trees may cross the line.
2. Harvested pine cannot be kept on the Bayfield County Forest for more than three weeks from May 1<sup>st</sup> to August 31<sup>st</sup>.
3. If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.

### D. ACCESS AND ROADS:

1. During winter harvesting the snowmobile trail must be kept unobstructed and in a packed snow condition. The purchaser must ensure that harvesting and hauling operations will not create a safety hazard to snowmobiles. Avoid damage to signs and trail markers.
2. There is an ATV trail adjacent to the sale area. The purchaser must ensure that harvesting and hauling operations will not create a safety hazard to ATVs. Contractor must avoid/minimize skidding on ATV trail.
3. This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
4. Decking of wood along town roads will not be allowed without permission from Bayfield County.

### E. OTHER:

1. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
2. In 2018, oak wilt was officially confirmed in Bayfield County. Currently, this timber sale is located more than six miles away from the closest know infected tree. However, over the duration of this contract, additional infections could be discovered. If, over the duration of this contract, including extensions, oak wilt is officially confirmed within a six mile radius of this timber sale, as determined by Bayfield County, the following seasonal restriction will be applied: no harvesting operations will be allowed between April 15<sup>th</sup> (or as otherwise determined by the county) and July 15<sup>th</sup>.
