# TRACT 41-18 – HARVEST REQUIREMENTS

The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

## A. PRESCRIPTION:

1. Harvest unit 1 has a red pine thinning prescription with an estimated average residual basal area of 116 ft<sup>2</sup>.

## B. HARVEST REQUIREMENTS:

1. Harvest all jack pine and orange marked red and white pine.
2. Leave all unmarked red pine and hardwood stems

## C. OPERATIONAL REQUIREMENTS AND SEASONAL RESTRICTIONS:

1. Sale boundaries consist of timber type changes away from marked red pine and into aspen, oak or young jack pine.
2. Harvested pine cannot be kept on the Bayfield County Forest for more than three weeks from May 1<sup>st</sup> to August 31<sup>st</sup>.
3. Do not cut snags except for individuals that pose a safety hazard.
4. If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.

## D. ACCESS AND ROADS:

1. This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
2. Decking of wood along town roads will not be allowed without permission from Bayfield County.

## E. OTHER:

1. The North Country Trail (NCT) runs through a portion of the sale area-blazed with blue. No cutting of blue-blazed trees. The NCT should be kept in good condition at all times. Maintain a slash-free zone within 25' of the NCT. No hauling, landing or decking wood on the NCT. The NCT may only be skidded across at a location designated by the County. At completion of skidding at this crossing the trail must be left flat and free of debris. The trail must be left free of any slash or other debris. Signage informing trail users of the timber sale must be placed on the NCT.
2. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
