Harvest Requirements:

- Sale is a hardwood sale being sold on a Ticket Scale Basis.
- Sale boundaries are designated by red paint line and trails
- Harvest all unmarked merchantable hardwood stems and all merchantable conifer stems, except hemlock and cedar, within the purple painted gaps. Do not harvest hemlock, cedar or trees marked with purple paint within the gap. Gaps are marked with purple paint. 12-16 border trees per gap are painted in purple. Border trees may be marked with 3 dots, 2 dots or 1 dot facing in and bars on the sides facing the next painted tree. Gaps are ½ acre in size and approximately 330 feet apart. 0-1 leave trees per gap were marked with purple paint. The back of the border trees are painted with a purple slash to aid in locating the gap. Sever all non-merchantable stems, except hemlock and cedar, 1" in diameter and greater in the gaps. Do not harvest any trees outside of the gaps. Scarification within the gap is highly encouraged.
- Sale may be whole tree harvested but not whole tree skidded due to possible damage to the residual trees. Short wood logging or pole skidding will be allowed if the purchaser can demonstrate that it can be done without causing damage to the residual stand.
- No sale operations permitted between breakup and July 15th.
- During winter harvesting the snowmobile trail must be kept unobstructed and in a packed snow condition. The purchaser must ensure that harvesting and hauling operations will not create a safety hazard to snowmobiles.
- Do not damage any survey monumentation.
- Do not cut snags except for those that pose a safety hazard.
- To comply with the Best Management Practices for Invasive Species: Prior to moving equipment onto or off of the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
- Decking of wood along town roads will not be allowed without permission from Bayfield County.
- If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.
- This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
