

DEPT. 107 - JUNIOR POULTRY

- Poultry refers to: domesticated fowl - including chickens, turkeys, guinea fowl and other game birds, pea fowl and other fanciers, and water-fowl -- that are bred mainly for exhibiting or producing eggs or meat. It does not include ratites (ostriches, emus, rheas).
- For regulatory purposes, domesticated fowl are considered to be sexually mature at 4 months.
- Turkeys are considered sexually mature at 6 months.
- All poultry and waterfowl must originate from flocks designated as U.S. Pullorum-Typhoid Clean under the NPIP and accompanied by a VS Form 9-3, or originate from a NPIP affiliate flock and accompanied by a VS Form 9-3, or originate from a Wisconsin Tested Flock or Wisconsin Associate Flock and be accompanied with documentation provided by the department certifying that they are a Wisconsin Tested Flock or Wisconsin Associate Flock.
- Sexually mature birds that do not meet these requirements may qualify with documentation of a negative test for pullorum-typhoid (and Mycoplasma gallisepticum for turkeys) conducted within 90 days prior to arrival at the exhibition, and be identified with a wing band or leg band.
- Each exhibit shall consist of one bird unless otherwise stated.
- A young male or young female is a bird hatched on or after January 1 of the exhibit year. Ducks, geese and turkeys should also be hatched on or after January 1 this year.
- Poultry should be at least 6 weeks old to exhibit.
- Feeding and watering of poultry is the responsibility of the Exhibitor.
- Cages must be cleaned daily by the exhibitor or premium may be forfeited.
- Judging will take place on Saturday at 10am. Exhibitors must be present for judging.

Do NOT unload or cage your poultry in the barn until it has been checked in by the Superintendent.
