 58% of volume consists of third thin with an average DBH of 9"
 **Contains 99% red pine and 1% misc.

TRACT 31-23 – SUPPLEMENTAL REQUIREMENTS

The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

A. PRESCRIPTION:

- Harvest Unit 1: has a thinning prescription with an estimated average residual basal area of 98 ft²/acre.
- Harvest Unit 2: has a thinning prescription with an estimated average residual basal area of 98 ft²/acre.
- Harvest unit 3: has a thinning prescription with an estimated average residual basal area of 128 ft²/acre.

B. HARVEST REQUIREMENTS:

- Harvest Unit 1: Cut all pine and other species in every third row (cut one row, leave two rows). Cut rows are not marked with paint. Logger will determine cut rows to the satisfaction of the Sale Administrator.
- Harvest Unit 2 and 3: harvest all orange marked trees
- Harvest Unit 2 and 3: Leave and avoid damage to all unmarked trees.

C. OPERATIONAL REQUIREMENTS AND SEASONAL RESTRICTIONS:

- Harvest Unit 1: this stand is bounded by red painted line, Eightmile Lake Road, County Highway A, and young pine.
- Harvest Unit 2: this stand is bounded by Eightmile Lake Road, blue painted line, and the Eightmile Lake Fuel Break.
- Harvest Unit 3: This stand is bounded by aspen, woods trails, and mature jack pine.
- If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.
- Harvested pine cannot be kept on the Bayfield County Forest for more than three weeks from May 1st to August 31st.
- Do not cut snags except for individuals that pose a safety hazard.
- Utilization specification is to a 4" top. However, if the County determines that pulpwood markets continue to be very poor at the time of harvest the County will sign a contract amendment with the purchaser changing the utilization specification to a 5" top for selected species. When determining condition of the market, the County will pay particular attention to the amount of wood being purchased by the mills in Wisconsin Rapids and any other significant shifts in wood demand.

D. ACCESS AND ROADS:

- Harvest Unit 2: fuel break road can be used for hauling and decking.
- This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
- Decking of wood along town roads will not be allowed without permission from Bayfield County.

E. OTHER:

- To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
- Do not damage any survey monumentation.
