Red Pine*	845	652		Special Restrictions: >Harvested pine must be hauled within 3 weeks between May 1st and August 31st.

TRACT 42-23 – HARVEST REQUIREMENTS

The following terms and conditions supplement those provided in the Bayfield County Timber Sale Contract.

A. PRESCRIPTION:

1. Harvest unit A has a thinning prescription with an estimated average residual basal area of 78 ft².
2. Harvest unit B has a thinning prescription with an estimated average residual basal area of 96 ft²

B. HARVEST REQUIREMENTS:

1. Harvest all orange marked trees.

C. OPERATIONAL REQUIREMENTS AND SEASONAL RESTRICTIONS:

1. Sale boundaries consist of abrupt timber type change to jack pine or young red pine.
2. There is a small wet area in the northwest corner of unit B. Care must be taken to avoid any equipment disturbing this area. Slash can not be put into the wet area.
3. Do not cut snags except for individuals that pose a safety hazard.
4. If harvest will utilize the whole tree, 1 in 10 tops must be left scattered throughout the sale.
5. Harvested pine cannot be kept on the Bayfield County Forest for more than three weeks from May 1st to August 31st.

D. ACCESS AND ROADS:

1. This contract requires County authorization for all road/landing construction and places a number of other requirements on road construction and closure.
2. Decking of wood along town roads will not be allowed without permission from Bayfield County.

E. OTHER:

1. To comply with Best Management Practices for Invasive Species: Prior to moving equipment onto or off the sale area, scrape or brush soil and debris from exterior surfaces to the extent practical.
2. Utilization specification is to a 4" top. However, if the County determines that pulpwood markets continue to be very poor at the time of harvest the County will sign a contract amendment with the purchaser changing the utilization specification to a 5" top for selected species. When determining condition of the market, the County will pay particular attention to the amount of wood being purchased by the mills in Wisconsin Rapids and any other significant shifts in wood demand.
