

OAK WILT DISEASE

threatens oak trees in this area.

Watch the WI DNR's new video about this **devastating fungal disease** at:

dnr.wi.gov/

Keyword: "oak wilt"

Oak wilt kills trees in the **red oak group** (red, black and northern pin oaks), and also harms trees in the **white oak group** (white, bur and swamp white oaks).

Red oak leaves typically have pointed lobes.

White oak leaves have rounded lobes.

Help protect oak trees from oak wilt—
**don't prune or otherwise "wound" oaks
from April through July.**
